## Annual Competition Licensing School February 2 - February 4, 2024

# 2023 REGIONAL RACING SEASON IN REVIEW

The 2023 San Francisco Region of the SCCA will go down in history as the craziest of most unpredictable in the 75 year history of the club. The first three races of the year had non-stop rain. The Western Shootout held the first weekend of May had a severe weather warning flash over our cells phone warning everyone to take cover. We had a very limited schedule at Laguna Seca because the track was going to be repaved and when we showed up to have our first event there, the head of Monterey County Parks and Recreation kicked us off the track.

But what we did have was good racing. We had nine regional championships come down to the final weekend of racing. We had to implement the tie breaker rule when David Vrane and Peter Phung ended up tied in points for the ITA Championship. We crowned 33 drivers as 2023 Regional Champions, compared to only 26 in 2022. We even had one Championship contender lose out because he flipped his car on the last lap of the Saturday afternoon race. He was unhurt-physically.

## Group 1 Recap (FA, FA2, FA3, FX, FM)

FM provided the most drama in this group. Christian Okpysh had a two point lead over CJ Ray going into the finale weekend. Okpysh took the class Regional Championship by four points over Woody

Yerxa. Ray did not run the final race of the season and since the races were double points, Yerxa passed Ray and Lars Jenson.

*Tao Takaoka FX Regional Champion*

*Joe Briggs FA3 Regional Champion*

*Dimitry Pistoliako F4 Regional Champion*

*Jim Mali FA Regional Champion*

*Christian Okpysh FM Regional Champion*

*Nicole Havrda FA2 Regional Champion*

## Group 2 Recap (ASR, P1, P2, FE2, EM1)

Four of the five classes had enough participation to earn Regional Championships. Gary Guethlien would have had the Regional

Championship in ASR if he entered one more race.

Troy Tinsley P2 Regional Champion

*Jerry Kroll EM1 Regional Champion*

*Chris Vian P1 Regional Champion*

*Noah Hambayi FE2 Regional Champion*

## Group 3 Recap (AS, GT2, GTX, ITE, T1, T3)

---

Matt Lituchy won the AS title when Roger Eagleton suffered a mechanical issue that could not be resolved for the weekend. Jonathon Greco took ITE over Lenny Celiberti, who also had a mechanical issue on Friday and was not able to compete in the final

two races, conceding the ITE Championship to Greco. For the first time in several years, no driver competed in enough races to win the MC Championship.

*Matt Lituchy AS Regional Champion*

*Jonathan Greco ITE Regional Champion*

Casey McLoed GTX Regional Champion

Skip Rebozzi GT2 Regional Champion

Clark Nunes T1 Regional Champion

Sean Lovett T3 Regional Champion

Michael Nuemeyer SMX Regional Champion

## Group 4 Recap (FC, FF)

The FC championship went into the final weekend of the year separated by four points. During the Saturday race, Jeffrey Pietz was in the lead in FC when he had contact with a slower car on the final lap. The contact caused severe damage and he was not able to

compete in the final race. Pietz's dream of a Regional Championship were crushed. Lyn Greenhill won his first regional Championship in FC and was elated. Greenhill felt badly for Pietz, but winning the Championship was a long time coming.

Denny Renfrow FF Regional Champion

## Group 5 Recap (ITA, ITX, SMG, ITS, STU, STL, SSC5, T4)

Jared Korth won the ITX Championship when Nuno Goncalves Pedro flipped his car during the Saturday race. Pedro had a 61-point lead going into the season finale. Korth took all three race wins during the finale and won the Championship by 19 points.

In ITA David Vrane and Peter Phung finished the weekend both with

287 points. Vrane won the tiebreaker since he had four class victories compared to zero for Phung.

Matt Lituchy won SMG when his main competition, Roger Eagleton, suffered a broken car.

Wilson Powell STU Regional Champion

*Mauro Pellegrini T4 Regional Champion*

*Matt Lituchy SMG Regional Champion*

Craig Walker SSC5 Regional Champion

Jared Korth ITX Regional Champion

David Vrane ITA Regional Champion

Nolan Stinger ITS Regional Champion

Michael Nuemeyer STL Regional Champion

## Group 6 Recap (SRF3, SRFH, SRF)

Greg Hoff beat out rival Bill Booth by 14 points despite spinning and losing several positions in the last race. Booth won the championship last year when Hoff and Robert Sachs ran into each other during the final race of the season.

Michael Woolley overcame a 22-point deficit to win SFRH over Paul Luca. Bruce Richardson won his first SRF title.

Michael Woolley SRFH Regional Champion

*Bruce Richardson SRF Regional Champion*

*Greg Hoff SRF3 Regional Champion*

## Group 7 Recap (SMT, SSM)

Jared Korth beat Ken Sutherland by 32 points for the SMT Championship. What the numbers do not tell you are that Sutherland did not compete in six of the events this year.

Daniel Kulas, in his first full year of racing, took the SSM Championship. Going into the finale Kulas and Nuno Goncalves Pedro were separated by eight points. But Pedro was not able to start the final race of the season.

*Jared Korth SMT Regional Champion.*

Daniel Kulas SSM Regional Champion.

# Conclusion

Through all the ups and downs, the 2023 Season produced some very exciting racing. The region did a good job conducting all the races in a safe manner. It is good to see the interest in winning the Regional Championship growing - hoping 2024 produces more Champions. Congratulations to all the Regional Champions this year; and don't

forget the defense of that title starts on February 17, 2024.

Lastly on behalf of every driver that turned a wheel on the track I want to say thank you to our volunteers! Nobody does it better or makes me feel more SAFE!

# Scrutineers Screed

By Thomas Jackson

This article is part of a series of communications from the Scrutineers (Tech crew) to the drivers and entrants on topics of import to both groups.

## Impound Etiquette

Since the Scrutineers spend so much of a race event in the Impound area, Parc Ferme<sup>®</sup> in international racing parlance, we are somewhat proprietary about what should and should not happen there. Reference: GCR 5.9.3 & 2023 SFR Supps 17.

### What it is:

- A place where new race cars are issued new logbooks.
- A place where race cars are given annual inspections.
- A place where a driver's safety gear is inspected and approved.
- A place where required stickers and patches are available.
- A place where the official scales of the event are located and made available to competitors. Reference GCR 5.9.4.
- A place where damaged cars are inspected and logbook entries and/or reports written.
- A place where the Stewards can have discussions with selected drivers.
- A place where various GCR conformance checks are performed.
- A place where the top three or more winning cars from one or more classes are held for a while post-race to allow other competitors to file protests.

If you think you are in the top three finishers of your class, go directly to Impound from the racing pit lane. We will dismiss you if you are not needed. Races have been lost by competitors that failed to show up at Impound post-race or took the slow scenic route through the paddock.

- A place where cold, bottled water and cold, wet towels are available for overheated drivers during or after a track session. If necessary, medical help can be quickly summoned to Impound.
- A place where stories of great driving feats are exchanged after all the selected cars have been parked in the Impound area.

### What it is not:

- It is not a shortcut between points A and B at any time. If you don't have business there, please stay out, especially if there are cars on the track.
- It is not a place to take posed photographs, such as for one's home town newspaper or one's sponsor. A quick snapshot from a smartphone may be acceptable.
- It is not a place for non-racing wheeled vehicles. We make exceptions for the Stewards' golfcart and our own vehicles.
- We will enforce the Supplementary Regulations about requiring a valid driver's license to operate any wheeled vehicles in the paddock, especially around Impound; and skateboards, roller blades, and roller skates being prohibited from the paddock.

We know you want to impress each other with your spiffy paddock transportation, but leave it outside of the Impound area.

After a practice session, qualifying session, or race, Non-Scrutineer persons should not enter the Impound area until the last car of a session has either parked in the Impound area or has been excused.

We have noticed that significant others, Crew, etc. develop tunnel vision at the end of a track session and can only see their cars and/or driver and run/walk blindly in front of other cars.

- We know there is a burning desire to collect various bits of information from the driver or the race car, but it can wait until the last car in Impound has stopped moving.
- The Entrant is responsible for the behavior of their Crew and can be penalized for Crew actions.
- After being dismissed, if a cone or delineator is moved to allow one's race car to exit the Impound area, put it back where you found it! We don't come into your living room and move your furniture around.

If a Driver stops, stalls their car, or looks confused exiting the pit lane, the Scrutineers will always signal that car to go into the Impound area, regardless. We do not want a pileup of cars exiting the racing pit lane!

- Always remember to self-impound if you have any body contact on course, whether we point you into Impound or not. Reference: SFR Supps 21.

## Impound Signaling

The Scrutineers have been told by drivers and the Stewards that they want the Scrutineer with the IMPOUND sign to remain motionless until they need to signal a particular car to go into the Impound area and that is what we have been trying to do. On the other hand, some drivers seem to want a definite signal as to whether to enter the Impound area or not. We can't have it both ways. The Scrutineers would like some guidance as what signaling the majority of the drivers prefer. We really want to keep traffic moving as cars exit the racing pit lane into the paddock.

# SCCA Road Racing Awards Banquet

For the 2023 Regional Race Season, the San Francisco Region decided that the banquet needed a fresh look. The last several years the attendance had dwindled and the cost of hosting the banquet had gone up considerably. At the May Board meeting, it was decided that in order to increase participation and reduce costs the banquet would be held in the Thunderhill Clubhouse on the Saturday night of the Season Finale race weekend.

Of course on the surface the decision looked to be sound, but soon issues arose. The first issue was that the Season Finale was a triple-header with double points awarded for all three races. This meant that in order for the Regional Championship to be decided on the Saturday night, the leader needed to be at least 50 points ahead of his nearest competitor. It also meant that the points would have to be tallied to include the Saturday races, which did not end until 5:00 PM. Lastly and most importantly was would we have enough room? The Thunderhill Club house is good-sized, but having a captive audience that was going to get a free dinner was sure to stretch the Fire Marshall's limits on occupancy.

With a standing room only crowd and a buffet table that was twenty feet long packed full of several course of food, the crowd of 250-plus people settled in for a night of celebration of the 2023 road racing season. Regional Executive Tim Sullivan started the evening off with a recap of the year highlighting the highs and the lows of the year. The highs included the substantial dividend we received for being the sole shareholder of the Thunderhill properties. The lows were the seemingly never-ending deluge of wet weather Mother Nature threw our way, plus the cancellation of the Laguna Seca Regional after the track was repaved.

The night featured awards given by each Board member to members he/she felt made a significant contribution to the season. Traditional Awards given out include Rookie Driver of the Year, Driver of the Year, Rookie Worker of the Year, Race Chairman's Award, Regional Executive's Award and the Premier Award of Merit. This year a Special Recognition Award was added plus a Lifetime Achievement Award. Thirty-five drivers were crowned 2023 Regional Champions, and thirty were present to receive their trophies.

When all was said and done, this year's banquet turned out to be one of the better ones. The attendance was great and the food was great. The room was a little crowded, with several people standing or hanging outside the doors. Because there was still a race on Sunday, a handful of the class champions could not be determined because the final points result was not going to be decided until Regional 17 was in the books. This will be rectified next year as the Sunday event will be a non-points enduro.

This was an experiment that turned out to be a good thing. We plan on doing the same next year.

## The Volunteer Awards

Everyone knows that SCCA is all about the volunteer work force. Without the volunteers, running an SCCA event would be impossible. We need people to run the Registration. We need people who inspect the cars. We need people who line the cars up so they can go on the track. We need people with flags at the corners to warn drivers about real time conditions. We need people who rescue stranded racers. We need people who make sure the pit lane is a safe place. We need people who record the lap times and the race times and print out the all-important results. We need people who make sure our cars are in compliance with sound regulations. We need someone to make

announcements. We need people who chronicle the race activities. We even need people to regulate the rules of the club. All of these positions need to be filled during a race weekend. We are lucky to have dedicated enthusiasts who give their time to making sure all of the events go as planned. In addition to the club events, the volunteers staff pro race events held at Laguna Seca Raceway. The pro events are fun, but they require long hours. Our volunteers fearlessly staff those events.

The annual Awards Banquet gives the Board of Directors an opportunity to recognize the contributions the volunteers have made. Everyone who gives his/her precious time towards helping out is a hero in my book; the list of award winners are the people who stood out this year.

## Board Awards

These awards are given by the Board members to recognize an outstanding contribution the recipient has made towards the club. The following people received Board Awards.

### Robert Schmitt

Robert likes working as a flagger. He is an excellent example of the dedicated worker. If there was a race in the state of California he volunteered at it. He not only volunteered for F&C at all of our events, he traveled in his RV around the country, attending events held by Cal Club, as well as the and F1 races. He's also the first person every weekend to volunteer to help set up and tear down equipment.

### Dave Kyllonen

Dave is one of those people who put you (drivers) in your places. He works Grid and he worked every club event during the year. This last year Grid was tasked with additional work by having to line up the two largest groups for the qualifying sessions. With grids as large as 45 cars, getting all in their places is challenging; but Dave took on the job without hesitation.

### Phil Glendon

It is easy to spot Phil in a crowd. Look for the guy with a big smile. Phil works Grid and is one of those people who you can count on to be at our events. He worked every club event, often on the landline headset, plus the Monterey Rolex Historics. Phil also helps out with Social. In addition to helping the San Francisco Region of the SCCA, he is a member with the NorCal Shelby Club.

### Alan Mertens

Alan has been a volunteer with the club for 38 years. He has been part of the SCCA through seven presidencies. He has more than 9,000 hours flagging SCCA events, and is a former Flag Chief. Alan is a leader and an enthusiastic trainer of personnel. When he shows up you are relieved to know he is there. If you see a

tall, lean man dressed in all white and wearing a Scottish Bonnet, it is most likely Alan Mertens. Make sure you shake his hand and thank him for all he has done for the club and the sport of Auto Racing. He is truly a behind the scenes Hero.

#### Gabe Bernardino

Gabe is the youngest member of the Timing & Scoring team. T & S is an integral cog in the SCCA machine. Without Timing & Scoring we might as well just run a track day. Gabe has brought a high level of professionalism and teamwork to the team. His attendance at your events is paramount to the overall success. He has worked every event where timing and scoring has been required since he joined the team.

#### Race Chairman's Award

Our Race Chairman is Lynne Hunting. Lynne has the toughest job in the club. The Race Chairman is responsible for making sure the event is properly staffed. She has all the stress and uncertainty associated with volunteer staffing. She is the one who makes sure there are enough turn workers. She makes sure the E-crew is staffed. She makes sure all the equipment is passed out to the proper location. She even makes sure the food and refreshments are in place for the volunteers at lunchtime and at the end of the day. Because of all of these responsibilities the Race Chairman is always in dire need of a reliable person to help her get the jobs done. She decides who has helped her the most during the year.

#### Ray Gullings

Ray is a big strapping man who looks strong enough to lift a car. But he is also someone who thinks no job is too big to tackle. Ray has been a club member since 2013. He attended every event in 2023 and worked as a Flagger, Starter and sometimes Pace Car Driver. But more importantly he was there to help Lynne out. He loaded cases of water into ice chests. He worked on making sure equipment was in place. He made sure Lynne had the help she needed to make all the events a success. He was her right hand man.

#### Rookie Worker of the Year

As the name implies this award goes to a new volunteer who has made a big impression with the club.

#### Ekaterina Martynova (Kat)

When Kat burst onto the SCCA scene, you could not help but notice her. She could be seen walking the paddock taking snapshots, shooting video, and interacting with everyone. She showed up with an attitude of helping out. If she saw a job that needed to be done, she stepped in. During a weekend you could find her working in Registration first thing, and Social. Then later in the day you might find her working Grid. or Timing & Scoring. She's even helped out in Tech. And then as the day

came to a close you would find Kat pouring refreshments and making sure the parched volunteers were properly hydrated. Her first event was the Sonoma Regional, and during her first day she took an Ambassador Tour, had a Pace Car Ride, and posted several Social Media Videos of her day. And from that point on she was an integral part of the club's success. She even recruited a girlfriend to join her on the Registration Crew.

#### Special Recognition Award

The awards SFR gives out all have an historical significance. But sometimes there is not an historical Award for someone who does such a good job that there is no way that their efforts should go unnoticed.

#### Stephanie Helberg

Stephanie has been a member since 1981 (42 years.) She is licensed as a National Scrutineer. She is also the Chief of Tech. Stephanie has run the Tech Team for several years, stepping up when the need arose. What makes her such a valuable member of the club is her ability to run this specialty and have it run so flawlessly. The Tech team has several functions, and the most important is safety compliance. Stephanie's team carries out all the

inspections, ensuring that the cars are safe to participate. Her crew is also responsible for issuing log books and tech stickers. The Tech Impound area can get especially busy on the first morning of an event. With lots of cars to inspect and lots of drivers in a panic to get out on the track, Stephanie's group has been able to deal with the hustle and bustle without breaking a sweat. They also handle the post race impound where tempers and attitudes can show up. Stephanie's team is very adept at handling that too. Having a good leader in Tech is an integral part of why the SCCA is such a respected racing organization.

#### PIRF Award

Several years ago the Region came up with an Award that recognizes the person who has demonstrated Professionalism, Integrity, Respect, and Friendliness, in all of his/her interactions as a club member.

#### Carol Deborde

With a smile that can put anyone at ease, Carol has not only earned this award in 2023, she has a long history of setting the PIRF example. Always one to help, solve problems, or steer someone in the proper direction, the Region is lucky to have someone like Carol as part of the team. Not only do Carol and her husband Dave actively volunteer for the SFR events,

they are also in charge of the Reno Region of the SCCA. A member since 1995, Carol is one of the people who makes the Region a friendly, fun place to race. The next time you are at Registration pay particular attention to Carol's presence. You will quickly see why she was chosen for the PIRF Award.

## Regional Executive's Awards

The RE is the face of the club. Being the face means you have a head attached to the face. Having a head lends itself to headaches. The Regional Executive deals with more headaches than anyone in the club. Having someone to rely on to be the Advil for those headaches is the key to survival as an RE. The RE recognizes the people who have made significant impact on his job.

### Jon Cronk

Jon has been a member since 2012 and since he has joined the club, where he started on the F&C Crew, he has been an integral part of the E-crew and the Course Marshal's team. If Jon does not have a schedule conflict he is there to help out anyway he can. He was instrumental in staffing the Course Marshal truck at the pro events during the year. Jon is a positive person to be around and is always

willing to teach new team members the ropes of the job. He has always had the club's best interest at heart and is truly an ambassador of the Region.

### Greg Schlaman

Greg is a man of principle. He has a strong pride in membership within the club. He is also proud of his involvement with the E-Crew. When the E-Crew needed a leader Greg stood up and took action. It is because of his leadership and professionalism the E-Crew is on the proper track. During the season he worked with the various professional crews joining us, and organized extra events which only the E Crew staffed.

## Lifetime Achievement Award

The club is full of people who have won several awards and continue to give everything towards the continued success of the club. These people have an internal drive to make sure the club's legacy continues. They are willing to do whatever the club needs over several years. They are truly unique.

### Dave Deborde

Dave has the following credentials in SCCA: Certified Track Reviewer, National F&C, National Race Administrator, National Steward, Regional Grid and Pit license, Regional Scrutineer, Track Event/Time Trials Driver Coach, TE/TT Safety Steward, TE/TT Tech Inspector, and TT Competition director. If you could clone him, Dave could run an entire SCCA event. With all of these credentials Dave is also the RE of the Reno Region of the SCCA. For the 2023 Season

Dave took on the responsibilities of being the head of the stewards in the NorPac Division. In addition to making sure the Reno Region events went off without a hitch, he was at all of the San Francisco Region events as a Steward. That was just for this year. Ever since Dave has been a member he has devoted all of his energy to making the SCCA a professional and well-run organization. He has faced the heat and stuck to his guns. Dave has always stuck to the principles of the organization

and as a result, SCCA racing is seen as a fair equitable place to race. He treats everyone fair and does not jump to conclusions. Having Dave at the track is a double blessing because when we get Dave we also get his wife Carol.

## Premier Award Of Merit

This is the most prestigious award given by the club. This award usually takes years to earn. It takes a never-wavering commitment to the club. It takes someone who has committed a lot of time to making sure the values of the club live on. This person has usually worked several aspects of the club and understands the history behind most all decisions. This person usually has taken on several leadership roles and is willing to take on more. This award winner is someone whom the club does not have enough adjectives to describe and certainly the club has no way to repay them.

### Lynne Hunting

Lynne checks all of the boxes mentioned in the Premier Award of Merit Description. She wakes up with SCCA on her mind and goes to sleep thinking about the SCCA. She does not shy away from a challenge and knows more about the club than just about anyone around. She is able to harvest the help around her and at the same time recruit new people to get involved. Lynne has been on the San Francisco Region Board of Directors and the Thunderhill Board of Directors.

She is currently the Race Chairman, Chief of Social, and Ambassador. The Race Chairman's job is especially challenging because it takes so much time before the event to ensure the proper staffing is in place. The job takes someone who knows the volunteers and someone who is a recruiter for new volunteers. After long days at the track Lynne can be found sharing the day's event on Facebook. Her Social responsibilities require her to have all the food and refreshments in place for the volunteers at lunchtime and at the end of the day. In addition she helps out with THE WHEEL magazine contributing articles and editing. There is not a segment of the club that Lynne has not been part of at one time or another. She is a straight shooter and always has the best interests of the club near and dear to her heart. Seeing Lynne in action is truly inspirational and the San Francisco Region of the SCCA is extremely lucky to have her.

# Who wants to become the next Logan Sargeant?

Logan Sargeant during practice at COTA. Kevin O'Connor Photo

In the thrilling world of auto racing, certain individuals captivate audiences with their skill, determination, and the ability to push boundaries; and in the past American Formula 1 racing drivers have achieved those attributes. While the majority of F1 drivers historically have come from Europe, there have been notable American drivers who have left their mark on the sport. One of the most iconic American Formula racing drivers is Mario Andretti.

Born in Italy, Mario immigrated to the United States and became a naturalized citizen. Andretti achieved incredible success across different racing disciplines, including Formula 1, where he won the championship in 1978. He is one of only two American drivers to have clinched the F1 World Championship.

Other notable American Formula racing drivers include Phil Hill and Dan Gurney. Phil Hill won the F1 World Championship in 1961. He drove for the Ferrari team and enjoyed a successful career in GT racing as well. Gurney, on the other hand, achieved success in both F1 and IndyCar racing. He was known for his innovative approach towards car design. His victory in the 1967 Belgian Grand Prix was while driving for his own team, All American Racers. In recent years, Alexander Rossi gained recognition as an American in Formula racing. Rossi made his debut in F1 in 2015 and subsequently transitioned to the IndyCar Series, where he found success, winning the prestigious Indianapolis 500 in 2016.

These are just a few examples of American drivers who have made their mark in Formula racing. While the landscape of motorsports continues to evolve, there is always the potential for new American talents to emerge and leave their own imprint on the sport. One such rising star is the young homegrown American, Logan Sargeant, whose remarkable career has left both fans and experts in awe.

From his humble beginnings in grassroots racing and karting to his ascension into Formula 1, Sargeant's journey is one of talent, perseverance, and an undying passion for speed; and in so doing, Logan Sargeant has become an inspiration for young American auto racers through his achievements and dedication to his sport. As a successful auto racer, Sargeant serves as a role model for aspiring racers by showcasing the potential for success in the field. Young racers often look up to him and find motivation in his journey, which include focus, overcoming challenges, demonstrating perseverance, and achieving notable milestones.

Sargeant's accomplishments can serve as proof that hard work, talent, and a passion for the sport can lead to significant achievements.

By consistently performing well and pushing the boundaries of his abilities, he inspires young American auto racers to set goals for themselves, work tirelessly towards those goals, and continually strive for improvement. Additionally, Sargeant's dedication to his craft and his professional attitude both on and off the track can also inspire young racers. His commitment to physical fitness, mental preparation, and technical expertise can motivate aspiring drivers to adopt a similar approach in their own racing careers.

Born with gasoline in his veins, Logan Sargeant's love for racing sprouted at an early age, when his father bought three racing karts for himself and his two boys, Logan, and brother Dalton, to have some fun together. This is where Logan began his journey behind the wheel in karting, where he showcased his natural talent and razor-sharp reflexes. As he swiftly climbed up local championships, it became clear that a future in auto racing beckoned for young Logan.

After to his father moved the whole Sargeant family to Switzerland for business reasons, Logan's path to the top began to take shape in the highly competitive European junior open-wheel racing scene. Demonstrating his ability to handle an increasingly powerful machine, his results spoke volumes. From capturing numerous victories and championships in regional Formula Ford and Formula Renault series, Sargeant quickly became recognized as a force with which

Logan Sargeant greets his fans at the USGP in Austin Texas. Kevin O'Connor Photo

to be reckoned. His consistent podium finishes and exceptional racecraft caught the attention of teams and scouts, propelling his career to even greater heights.

At the dawn of his professional career, Sargent's skills were put to the ultimate test, as he transitioned to the demanding world of international Formula racing. Joining prestigious racing teams, he marked his presence in the fiercely contested Formula 3 championships. Sargent's seamless adaptation to the new environment showcased his adaptability and versatility as a driver. In race after race, he demonstrated the composure and skill needed for success at this level, garnering accolades and earning the respect of fellow competitors.

As Sargent's reputation continued to soar, whispers of his potential to reach the pinnacle of motorsport—the revered Formula One—began to circulate among industry insiders and fans alike. Rumors of test drives with top-tier teams and discussions surrounding potential contracts only added fuel to the fire.

While the road to Formula One remains a challenging endeavor for any driver, Sargent's undeniable talent and unwavering focus made him a top contender for that ultimate goal and led to an eventual ride with the legendary racing team, Williams F1. At this date Logan has earned only one F1 racing point, but he'll be back in 2024 for his second F1 season. It is undeniable that his remarkable achievements will forge the fire in other young American racers.

Beyond his accomplishments on the racetrack, Logan Sargent has also made a significant impact off the grid. He serves as an inspiration for aspiring young racers, actively engaging with fans and sharing his journey through social media platforms. Sargent's dedication to giving back to the community and his commitment to promoting safe and responsible driving make him a role model for motorsport enthusiasts around the world.

As the auto racing world eagerly waits for Logan Sargent's next move, it seems certain that his star will continue to rise. With each new season, he pushes the limits of his own abilities and continues to refine his craft. Whether it be securing championships, breaking records, or ultimately reaching the esteemed world of Formula One, Sargent's determination and talent make for a thrilling journey in which fans are eagerly invested.

Logan's auto racing career is a testament to the power of dreams, dedication, and a burning passion for the sport. From his humble beginnings in karting to his current endeavors in professional racing, he has shown the world what he is capable of behind the wheel. With his immense talent and unrelenting drive, Sargent has undoubtedly

carved his name among the brightest prospects in the racing world, leaving us with a sense of anticipation regarding what the future holds for this rising star. Overall, Logan's success in the American auto racing scene, coupled with his dedication and professionalism, inspires young racers by showcasing what is possible through hard work, passion, and a relentless pursuit of excellence.

If you too feel like you would like to be the next young American in professional racing, the SCCA can play a significant role in unleashing your desire and development as an auto racer. This organization has long been recognized as a steppingstone for aspiring race car drivers by providing them with a platform to compete and gain experience in various classes and circuits. Participating in SCCA racing allows you to gain valuable track time and refine your driving skills and racecraft. It can provide you with opportunities to compete against other talented racers, learn from experienced drivers, and adapt to different racing conditions. By navigating through the SCCA racing ranks, you will be able to gain a deeper understanding of racecraft, while improving your technical abilities, and instincts on the track.

In addition to the competitive aspect, SCCA racing can also help one build a network within the racing community. This allowed Sargeant to develop relationships with other drivers, team managers, and sponsors, which proved to be crucial for his continued advancement in the sport. The connections and exposure gained through SCCA racing opened doors and paved the way for further opportunities in his racing career.

Overall, participating in SCCA racing will provide upcoming racers with a platform to showcase their talent, develop skills, and build a foundation for success as an auto racer. The SCCA offers the necessary experience, exposure, and connections which will ultimately play a vital role in anyone's journey to becoming a professional auto racer.

# 2023 California Autocross State Championship

The 2023 autocross season in California resulted in 15 different California State Champions. Racers competed up and down the Golden State in five separate events to earn points (25 points for first place.) One event (the lowest score) was dropped resulting in the opportunity to earn a perfect 100 point, undefeated

season, which was accomplished by two outstanding drivers: Becky West in D-Street Ladies and Rob Krider in H-Street.

Becky West went undefeated in D-Street Ladies earning her the State Championship "Undefeated" plaque and a gift certificate from I/O Port Racing Supplies.

Every SCCA solo class was eligible for a driver to become a State Champion as long as they registered for the California Autocross Championship through MotorsportReg and entered at least three of the five events. Drivers who dedicated their time and effort toward the championship chase were awarded State Champion plaques, t-shirts, dash plaques, event stickers and gift certificates from I/O Port Racing Supplies.

Without further ado, here are your 2023 California State Champions!

Justin Tsang earned both the Top PAX driver award and the Top Time of Year (TTOY) award for his extremely quick driving in his STU classed 2006 Subaru STI. Total Points: 47

Justin Bowen became the A-Street State Champion driving his black 2014 Porsche Cayman S. Total Points: 56

John Rowe scored two victories in Rounds 3 and 4 driving his 2019 Honda Civic Type R to earn the D-Street State Champion. Total Points: 65

Becky West driving her 2017 Toyota 86 attended the first four events of the season, won every single event in D-Street Ladies, earned 100 points for her undefeated perfect season and became the DSL State Champion. Total Points: 100

James West scored two victories and a second place to give him the State Championship in G-Street while piloting his 2020 Honda Civic Si on three wheels through every corner. Total Points: 72

Craig Boyle got it done right at the end of the season to become the E-Street State Champion driving his 1994 Mazda Miata R. Total Points: 72

Rob Krider ran four events and was undefeated picking up 100 points and the H-Street State Championship driving Sam "Terp" Galindo's 2018 Honda Civic Sport. Total Points: 100

John Osgood attended every single event on the calendar to win F-Street and become the State Champion driving his 2013 Cadillac CTS-V. Total Points: 56

Eric Martin raced his 2013 Scion FRS in the Solo Spec Coupe class and attended every event on the calendar, which helped him win the State Championship in the SSC class when he was able to improve his points by replacing a lower finish with a win at the final event of the season, the Bill Fleig Enduro. Total Points: 85

Paul Tibbals driving his 2006 Subaru STI in Street Touring Ultra earned his State Championship by attending every event on the calendar and picking up a win at the Krider Classic 100 event. Total Points: 84

James Laeno drove his 1990 Mazda Miata in three events and picked up the State Championship title in the X-Prepared class. Total Points: 44

Randy Krider, driving his 1989 Honda Civic Si, picked up the State Championship in the Street Touring Sport class with three victories at the last three events of the season. Total Points: 75

Jake Obniski driving his 2007 Lotus Exige won the first three events of the season outright easily earning the State Championship in the Xtreme Street B class. Total Points: 75

Darrell Moskowitz became the State Championship at Round 4 with two victories during the season in the Street Modified FWD class driving his 1994 Honda Prelude. Total Points: 76

Michael Gardner driving his 2016 Shelby Ford Mustang GT350 in the Classic American Muscle Contemporary class won the State Championship in a super close battle with Hal Dorton which came down to the last race of the season. Michael won that race and the CAMC State Championship. Total Points: 80

For those of you who missed the chance to become a State Champion in 2023, the series will be back for 2024. Go to [www.calautoxchamps.com](http://www.calautoxchamps.com) for registration links and calendar of events for the 2024 season.

# Confessions of a Cone Slayer

By Rob Krider

## Pinewood Derby Revenge

The 2023 Formula 1 season is over. Spoiler Alert: Max Verstappen and Team Red Bull won The World Championship (again.) But just because F1 is done, that doesn't mean there aren't other very important races occurring around the world. One extremely important

race (especially if you're a kid) was held at a church just down the street from my house: The annual Cub Scouts Pinewood Derby. It's that time of year when fathers spend time in the garage with their sons, building small racecars out of a block of wood, four nails and four plastic wheels. While in the garage, fathers teach their sons how to use coping saws, sand paper, and inevitably, curse words. It was Season Three for the Krider Racing Cub Scout Pinewood Derby Team. The first two years were organization, research, and development years, so the team could determine the best way to roll a seven-inch piece of wood down a sloped track. Our rookie year was a tough learning experience, especially for my son. That is when he learned that the winning cars were built by the dads, as opposed to the actual Cub Scouts themselves. The second year was a tough learning experience for me. That's when I learned that even if Dad builds the car, that doesn't guarantee a win. Even if ole Dad calls in sick to work and spends an entire week in the garage wet-sanding and painting the piece of wood to lower the aerodynamic drag, even then, victory is not imminent. To speak frankly, Year Two, we got our butts handed to us. It was like we were racing a stock Hyundai Accent at the 24 Hours of LeMans.

I started planning and making preparations for this year's car about five milliseconds after we lost the race last year. This year, I spared no expense. I built our car just like Team Red Bull builds their cars, with a ton of money and a very loose interpretation of the rule book. This year's car was built from a piece of wood that I had shipped direct from Norway. The wheels for our car were bought off of the Internet from a company which encouraged the loose rule book interpretation I was talking about. Sure, rule interpretation (otherwise known as cheating) isn't exactly what the Cub Scouts are trying to teach the boys, but losing wasn't a very fun lesson. We had already earned that achievement patch twice.

To ensure we would be victorious, I ordered our highly confidential speed secret all the way from Europe. Europe doesn't even have Cub Scouts, but they do know how to build fast cars. Specifically, I ordered some black market laser-cut, nickel-plated axles direct from Italy. Yes, Italy, the same country that produces Ferraris. Coincidence? I don't think so.

As our revenge slowly sailed its way to the States on a boat from Italy, my son and I carefully shaped the body of the car to be as aerodynamic as possible. When I say, "my son and I," I mean, "me." My son did watch though. In order to say that we built the car together, I made sure that any time I was in the garage working on the car my son was at least in the driveway kicking a soccer ball around. He was always within 100 feet of me during all stages of construction, hence it's my interpretation of the, "we built the car together" rule.

Once the car was completed in all its beauty-Norwegian wood, laser-cut Italian axles, polished/shaved wheels, and ten coats of paint-we took it to

the official Cub Scout Pinewood Derby race. We appropriately named the car the Carrera Madera (for you non-Spanish speaking, "carrera madera" means "racing wood".) How did the Carrera Madera fair? Good. Damn good. Uh, maybe a little too good. When we went to weigh the car in for the five-ounce tech inspection, the car wouldn't stay on the electronic scale. The Italian axles worked so good the car wouldn't even rest on a level surface. They finally gave up and set our car upside down on its roof just to weigh it. When the race started, our car jumped out to an early lead and never looked back. Round after round, the Carrera Madera never lost a single race and didn't even bother trying to make it look hard. It was obvious to everyone something was probably suspicious with "my" car, ahem, I mean, "my son's car." Each time the car went across the finish line first-way first, big time first-inside I was jumping for joy; however, I just stood there stoically as if I had nothing to do with the little car that couldn't be beat. Even though I was totally excited that three seasons of development and extreme rule interpretation were paying off, at the same time I did feel a little bit of shame. We were crushing the competition. Nobody could touch us. I was celebrating the fact that I, a grown man, had used every power tool I own in my garage, 100 hours of labor, and a few hundred dollars to whip on a 6-year-old kid who built the car himself using the three dollar Cub Scout Pinewood Derby kit. It wasn't much of a victory, really.

But after years of getting killed by other dads who built the cars, our victory still felt kinda sweet. After all of the racing was over, they gave my son the beautiful championship trophy. Disappointingly, they didn't have a trophy girl from the local Brownie troop to give him a kiss on the cheek. My son had a huge smile as he held the trophy over his head. I felt proud. We'd finally done it. Like Team Red Bull, Krider Racing was victorious!

*Rob Krider is a national champion racer and author of the novel Cadet Blues.*

**Legend Laurie Craig Champion 1964 Corvette Race Car "For Sale! Winningest C2 Corvette in Pacific Northwest history!**  
Records held include SCCBC, SCCC and many other Hill Climbs sanctioned events. Several of these records set by this car and Craig are still current even after 55+ years. Extremely well documented! TV videos, books, race records, signed statements, pictures and interviews.  
Driven by Laurie Craig, Sir Stirling Moss, Ken Miles, Dave Lambdin and other well known historical racers.  
All Original except for engine short block. Has 63 "327" (original block cracked in sub zero weather) raced as a 365 Hp and still is. Street Legal, Runs and drives awesome. Qualifies for all Historical Racing Venues including Goodwood, Lime Rock, Laguna Seca and more.  
Registered records with Sports Car Club of Canada. Multiple records of Road Racing, Hill climbs still exist today.  
\$150K USD.  
dave@myoldcar.net

1970 Corvette that raced about 15 events in the late 1980s, mostly in the Northeast. Log numbers agree w the roll bar and VIN and pink also agree. Engine is an iron block 350. Price is \$25K, cash only. For more information text or leave a message at 559 232 5384. Car is in Madera Calif.

1973 Porsche 914-2.0  
VIN 4732926909  
Street legal SCCA racecar, ITE class  
4.26.2003 current mileage 63095  
993 Six cylinder conversion, 245 RWHP other items  
• big brakes, no parking brake • shifter box upgrade • two sets wheels, minilites and cookie cutter  
Some history:  
• 1.6.2023 "Roselli" fluids filters air duct  
• 12.17.2016 "Suspension Performance" trans o'haul w/ LSD odo (?) • 2.1.2007 Install 993 in car with 59852 on car • 1.11.2007 993 engine from Los Angeles Dismantler with 23624mi • January 2001 apx purch from Brad Roberts build to SCCA ITA specs chassis ohaul • 1991-1993 HPH Hans odo 30941 • 1.1.91 "High Performance House" HPH, Rich Bontempi, past owner Hans J, stuff, odo 10054 • 6.9.1986 Garrettson Enterprises engine rebuild 98000 mi apx.  
I just took it for a spin up Mt Hamilton Road. What a fun car. Hauls ass.  
email motobutch@gmail.com

2011 Subaru WRX  
Has been extensively modified for track use and racing. Interior has been gutted. Enkei RC-G4 Sport wheels, Stoptech brakes with 2-piece rotors, Sparco seat, Short shifter, STi axles and hubs, Aluminum hood, Plexiglass windows, Tein Super Racing Spec Type N1 suspension package-coilovers, camber plates, Urethane suspension bushings, Chrome moly 10-point roll cage, Cold air intake with Cobb Tune, CSF aluminum radiator and oil cooler, Crawford oil separator, Killer B oil pan and new Hankook RS-4 tires.  
30,000 miles asking \$15,000; call 530-682-6095 or email ardenoji@gmail.com

## STREET/AUTO-X/TRACK

1959 Austin Healey. This was George Snively's 100-6 which he campaigned until the mid-sixties. (George was the founding father of Snell. Lots of pics and info online.) George heavily modified this Healey when he quit racing in the later sixties. 327 Vette motor, Richmond t10 trans, Ford 9 inch posi, disc brakes, disassembled and updated 15 years ago. Runs & drives excellent - fast. \$50,000. if interested, can send lots of pics. Phone if you like. 530-994-3307 or e-mail bobnruthsavy@yahoo.com. Robert Savarino

2006 BMW 325i/auto in nice condition mechanically, starts/runs like a Champ! New battery, however it's been mostly sitting for about 2 years, grandma just got too old to drive. It's unregistered, needing smog, we never tried to get it smogged. We start it occasionally and try to keep it covered when it's raining because it has a leak around the windshield. It has some minor body damage. Given all that it's the perfect track car build, too bad the interior is Cherry! Call 408 761 3946

## TRAILER/TOW

Have an enclosed Trailer?  
Want to Haul two Cars?  
Aluminum stacker rack (w/electric 120 V winch), Rack is fully disassembled but is in great condition, Came out of a 46' Pace Shadow GT goose neck trailer.  
I believe it was a factory installation and would have cost several thousand dollars when new.  
Fairly certain it would also work in a similar size Hallmark trailer  
Rob Fuller 510 329 2817 (Hayward CA)

2000 TPD 24' Auto Trailer w/options, White Vortech TP3, Triple Axel: \$14,000  
Electric winch, tire rack, fuel jug rack, tool chest w/tools, compressor, generator, 2 pop-up tents, 2 heavy weight jacks, tables, ramps, microwave, 2 car covers, nitro. tank, two door wall cabinet, two upper cabinets, LED lights, two vents, spare tire/wheel & bracket, ladder, etc. Located in Portland, OR. Call or text Addie: 831-227-4343

## TOOLS/ EQUIPMENT /MISC FOR SALE

FF spec rain tires, purchased 2017 and run one session. Remarkably they are still softer than new dry tires. Price is \$0 but you have to pick them up or ship them.  
Mike Bernstein (510) 701-9292 cell

Formula car parts: Single element aluminum rear wing, 42.5" x 23" as seen on 1972 F5000 cars. \$100  
new SPD mild steel 4 into 1 merge collector, 2" to 2.5" \$200  
4 Revolution 3 piece modular race wheels for Ralt RT-1 supervuee, 8"/10", centerlock, peg drive 4 on 3.5" \$600/set  
New Hyperco 2.5" ID, 8", 275# chassis springs \$80/pair  
Motive Products pressure bleeder \$25  
Cosworth BDA ignition wire set, 3 new caps, 2 rotors, Howards ignition crankfire pulley and pickup, 2 Billet BDA distributor bodies and parts. \$100/all • John 916 454 1115

**Home/Shop for Sale**  
Beautiful 1.25 acre property with 2,320 sq. ft. craftsman style home and 1200 sq. ft. race shop with a 600 sq. ft. office/hobby room above for sale in the foothills of the Gold Country, in Pine Grove, CA. Shop is wired for 200 amps single phase, which has been plenty to run a Miller TIG machine, Bridgeport mill and lathe for years. Also a 12x20 single car garage in the back of the property for your kayaks or extra race gear. Wrap around driveway and plenty of extra space to park your RV or tow vehicles. Run your race car business (like I have for over 20 years) from home instead of paying rent!  
Just over two hours to Sonoma Raceway and Thunderhill, 3.5 Hours to Laguna Seca, and during the off season, 45 minutes away from Silver Lake for camping, fishing and hiking, one hour from the Kirkwood Ski Resort and 1.5 hours South Lake Tahoe!  
Mike Edick mte@volcano.net 209-256-5590  
Link to ad: PM me for any questions.  
<https://www.redfin.com/CA/Pine-Grove.../home/45628304>

## BUSINESS OPPORTUNITIES

Business Opportunity: Locate your business at Thunderhill Park as part of the new "HUB" Center at the raceway. Office space, showroom, conference rooms and more available for the right business partner. Ideally located in the center of over 700 days of activity that can feed your business. \$1.00 per square foot first year offer. Move in now. Call for more details but do not wait. This is a once in a life-time offer to locate your business in the best possible venue for expanded sales and growth. Contact:  
David Vodden 530-934-5588 Ext 101 or e-mail dvodden@thunderhill.com

## GET ON THE TRACK

**TRACK DAYS AND SKID PAD DAYS**  
AVAILABLE: You can rent Thunderhill Park's 3-mile, 5-mile and 2-mile track for a pittance on most weekdays throughout the race season. WE can make your day a turn-key operation where all you do is secure your friends and customers and have fun. Call 530-934-5588 Ext. 101 and get started in the fun and profitable business of putting on your very own track days.

Need space for car test and tune?  
Rent a Skid Pad at Thunderhill:  
The skid pads at Thunderhill are available for Vehicle Development, Drifting, Car Control, Autocross and more! Just tell us your idea, and we'll help you make it happen!  
Small Pad Rental Fees: (size 540 x 310 feet)  
Weekend day; weekday  
1-20 cars = \$1500; \$1000  
Big Pad Rental Fees: (size 662 x 363 feet)  
Weekend day; weekday  
Small skid pad - 1-5 cars \$1000; each additional car \$150  
Big skid pad - 1-10 cars \$1500; 10+ cars \$3500.  
Rates include insurance.

## SERVICES

**FOOD SERVICE AT THE TRACK FOR YOU!!**  
Look smart and save money and time by having the team at Thunderhill Park provide your race team and group with hot food, cooked to order, drinks and snacks throughout your weekend. It is easy, inexpensive when compared to the time and waste involved in transporting your food stock to the track, and everyone will be impressed. Call Jim Thompson and arrange to have his excellent certified food handlers prepare and serve your weekend needs for food and drink. Jim can be reached on: 530-934-5588 Ext-112 Or by cell @ 530-519-2201.

Haag Performance of Sacramento, a leading West Coast Spec Miata engine and drive train builder, has a limited number of spots available for racers needing storage, engine and drive train services, race prep, transportation and/or track support.  
Contact Mike@haagperformance.com or call (925) 783-9409. 1808

**SPEC MIATA & SPEC E30: TFB Performance's** winning alignment service has expanded to include race prep and "arrive and drive" trackside support for SCCA/NASA and HPDE/track days. Rent clean, safe, front-running cars or bring your own. Run your first race or win a championship! Contact Tim Barber at 415.205.2222 or tim@tfbperformance.com.

## Dedicated to Saving Young Lives

Friends of Thunderhill Foundation is a 501 C-3 charitable/tax-deductible foundation whose mission is to invest in teen driving safety, improved automotive safety, industry education and community outreach primarily through presenting Teen Car Control Clinics that give students real-world, hands-on experience behind the wheel of their own cars.  
As a motorsports enthusiast, if you engage in making charitable donations to non-profit programs that matter to you, what better program to support than Friends of Thunderhill, dedicated to improving young driver safety. The Foundation's only expenditures have been for the Teen Car Control Clinics.  
You can easily make a donation to Thunderhill Properties Foundation by mailing a check to PO Box 966, Willows, CA. 95988; or going to the donation website: <https://www.friendsofthunderhill.org/take-action> Donations can be in any amount; \$129 funds one scholarship.

Are you good with Numbers? Car numbers to be exact? Work in the Air Conditioned room in Timing and Scoring. Be the first to know who is on the pole, who won the photo finish, who set the track record. Timing and Scoring has a chair with your name on it. Contact Lynne

## The Scoundrel

*"What contemptible scoundrel  
has stolen the cork to my lunch?"*

*W.C. Fields*

### What is The Scoundrel?

The Scoundrel is a red blend of predominantly Syrah and Cabernet Sauvignon sourced from the Sierra Foothills AVA. This popular style of winemaking combines at least two varietals to create a delicious wine, full of flavor and freshness. Juicy, bright fruit, and soft, sweet oak make a lovely glass of wine. It's a perfect wine for casual dinners or barbeques out on the patio - so go ahead, have a party, and bring out The Scoundrel!

### Tasting Notes:

Dense and juicy, this wine packs a blend of red fruits, blue fruits, and oak notes that will be the perfect complement for your everyday fare.
