

## **SFR SCCA VIP Volunteer Program Update**

**December 2022**

*Please read carefully*

The Volunteer Incentive Program (VIP) is, and will remain, a solid part of our operational program. Over the past year, the Board has worked to simplify the system and make it easier for volunteers to receive their benefits, reduce administrative overhead, and ultimately continue to deliver good volunteer benefits. As part of this effort, here are two changes that will be effective the end of 2022.

### ***VOLUNTEER INCENTIVE PROGRAM (VIP PTS)***

All members have, and will continue, to earn 20 points per day for volunteering in all region-supported events which include both Club and Pro events. These points can be used to cover expenses on a broad variety of items involved in volunteering including logo gear, membership fees, banquet registration, and other volunteer related expenses. The program has been very successful, and members have accumulated a very large pot of points. It's time to distribute this benefit.

Volunteers 2 options: 1) Use points now toward any of the above uses. Or 2) If a volunteer doesn't use all of his/her points by the December 15 of this year, we will send a check to the volunteer for their remaining accumulated points to be used on their volunteer expenses in ways they choose.

### ***DRAFT CARDS***

Last Spring we announced in The Wheel that Draft Cards would be no longer and any Draft card would be converted, at full value, to VIP Points. Members were instructed to submit any existing cards to Trish James in the office. Again, the value remains, just in VIP Points. The message unfortunately did not get out to everyone so we are extending the time to submit Draft Cards to **December 31, 2022**. If you have any remaining Draft Cards, please turn them into Trish in the office immediately. After December 31st, any Draft Cards not turned in for conversion to VIP points will not be redeemed.

Should you have any questions, please contact Tim Sullivan, Regional Executive.
